

SORA KAUFMAN FELLOWSHIP

INTRODUCTION.

The Sora Kaufman fellowship is an Advocates for Community Alternatives' flagship program to establish a network of African leaders and practitioners in the field of community-driven development and advocacy

It targets practitioners who collaborate with relevant stakeholders to tackle community and systemic challenges that hinder accessibility and involvement of citizens in decision making.

The fellowship shall build global expertise in areas of collective action, advocacy, human rights and local governance systems.

The Sora Kaufman Fellowship is a practicum that emphasizes mutual exchanges of existing leadership skills, and networking to solve common community-driven challenges to improve on people centered approaches for development in Africa.

OBJECTIVES.

- 1. Provide integrated training on implementation of community-driven development and advocacy programs in African countries.**
- 2. Build deeper relationships with fellow members to exchange knowledge and experiences on community-driven development centered programs.**
- 3. Nurture African leaders to adapt and scale up community-driven development approaches in their home communities.**
- 4. Recruit practitioners who are ready to contribute to the regional knowledge base on community-driven development through data collection and publication of lessons learned.**
